Internal – Deliberative; Not for Release

Hi Peter,
In working closely with the State on
their efforts to return to compliance,
they have shared with us an audit
report which they will soon share with
the State Legislature. The audit was

conducted in one of the more active Districts. Amongst other things, the audit found that AORs were not performed prior to project approvals between 2012-2014. [REDACTED]

[REDACTED] We can set up a call to fill you in further and get your thoughts on how to fold this effort into our existing plan. This is set to go down this week. Here is our draft desk statement.

EPA Desk Statement for CA UIC
Program - SB 855 Report to CA
